

GLOBAL PR

# QUINTAVIUS WORIKMIAN

WIDE RECEIVER

HEIGHT: 6'5

WEIGHT: 200LBS

SAM HOUSTON STATE UNIVERSITY

# QUINTAVIUS WR WORKMAN 6'5" - 200LBS

## STRENGTHS:

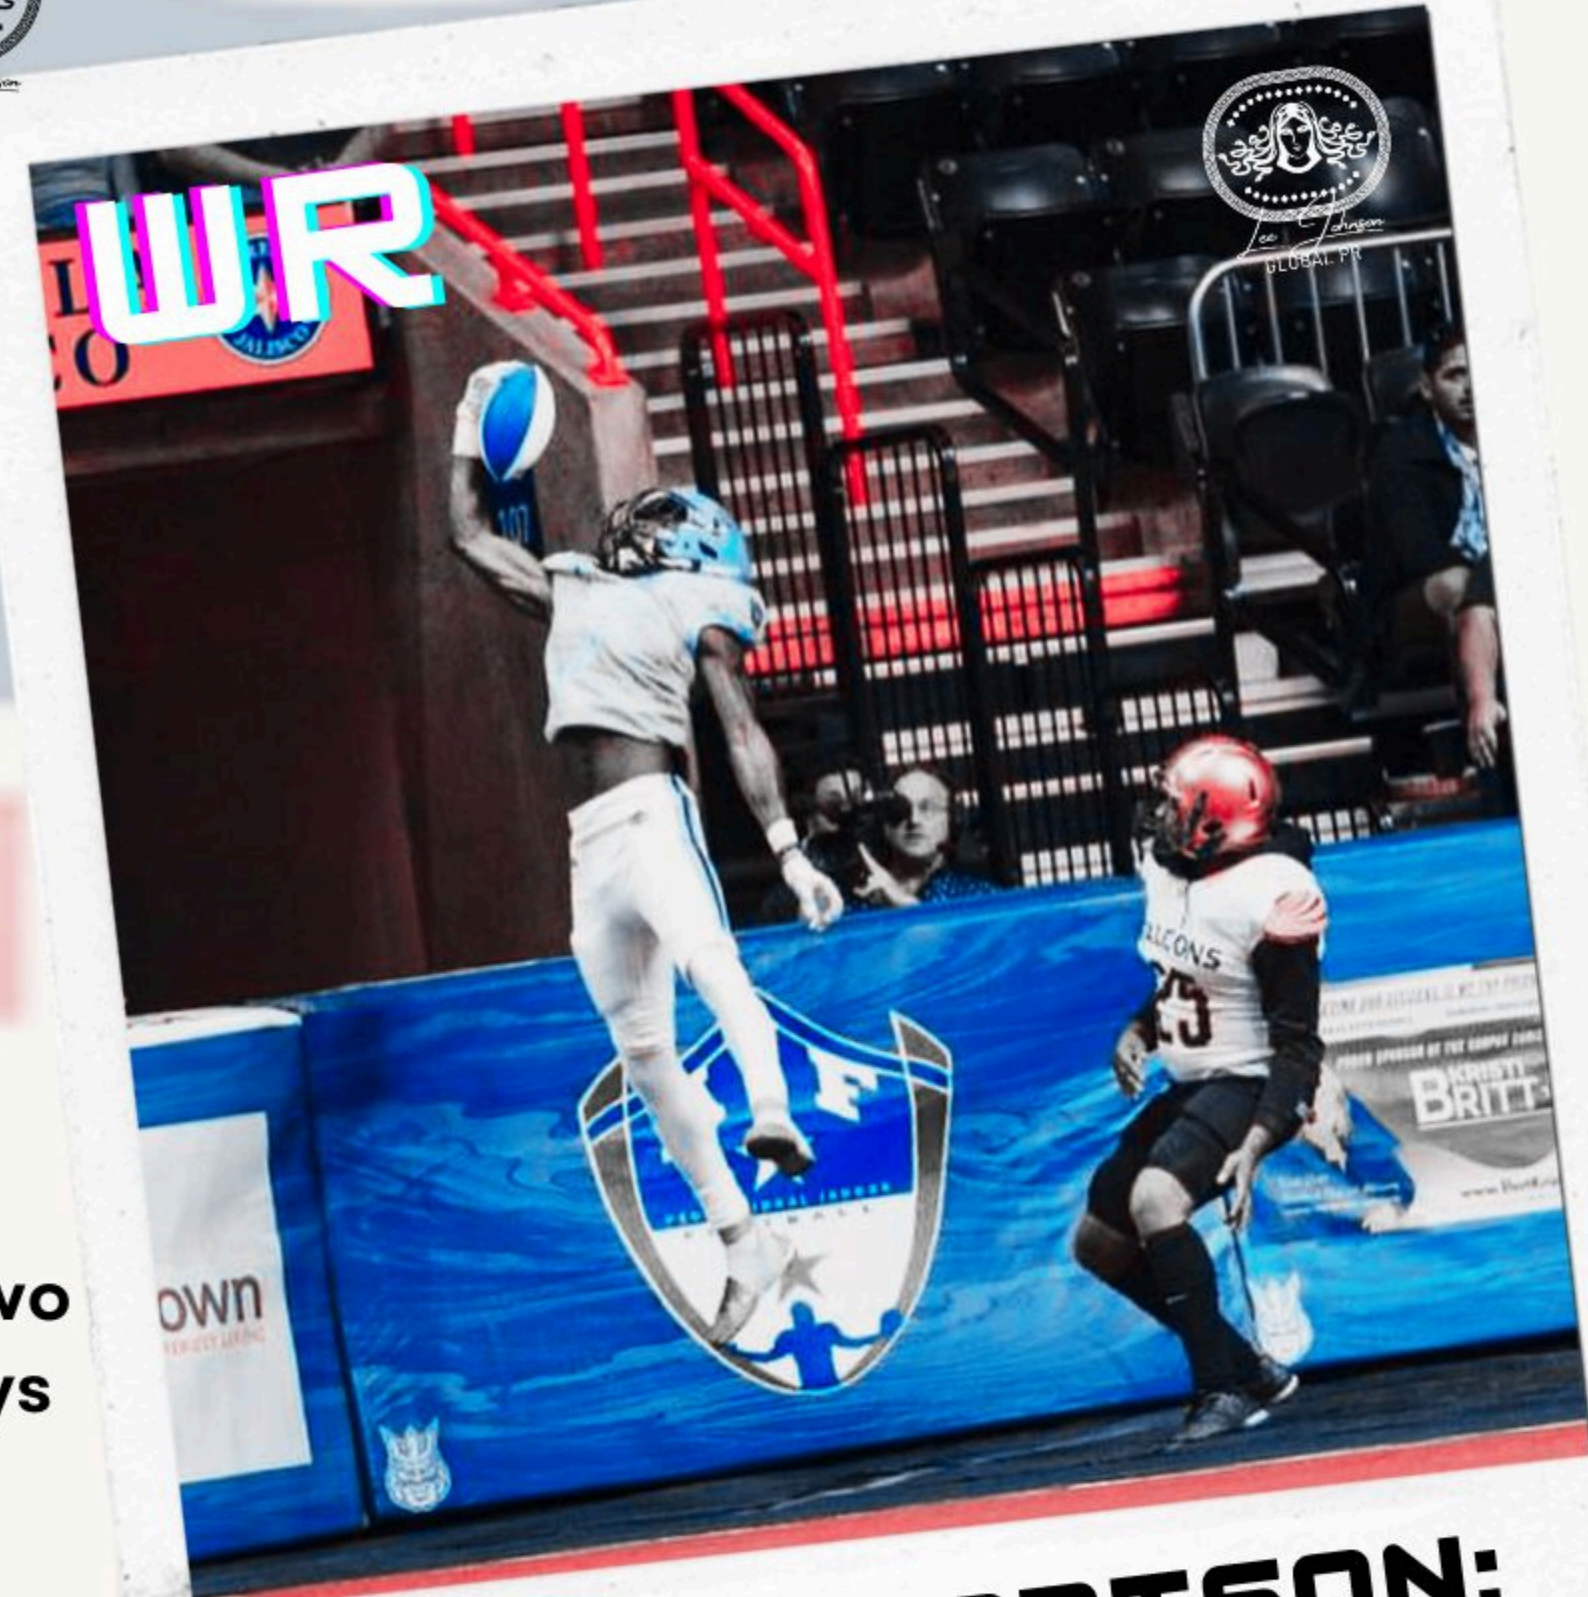

Pro Type WR. Tons of talent, knows the game, has nature instincts in running routes and reading coverages. Excellent use of his space allowing the QB to throw a good ball. Master of the jump ball at 6'5 - he always wins. HUGE DIAMOND.

## WEAK POINTS:

Weight and Strength needs improvement and are the only two elements that he must get better at right away. He will always be a Go to Guy the moment that he steps onto the field because of his height.

## SUMMARY:

Once a team takes a chance on this great talented player, he will pay off ten times for them. This guy is a Human Highlight
