# *UNITE & CONQUER IS HOSTING THE AZADI ("FREEDOM") FESTIVAL*

**The Woman Life Freedom Revolution  
is the world's first women-led revolution**

which began after 22-year-old Mahsa "Jina" Amini was brutally murdered by the Islamic "Morality" Police on September 16th, 2022 in Tehran, Iran. Amini was arrested for failing to wear her hijab properly while on vacation with her family. Global protests have been ignited all around the world consecutively for the past 37 weekends since her tragic and unjust death.

Unite & Conquer, led by Iman Huschmand, has been uniting Iranians through live and virtual events, podcasts, social gatherings, and community initiatives since 2019. Huschmand is a Washington D.C. native with an extensive 25-year record as an Iranian activist and community leader who seeks to not only unite Iranians, but build a safe community for Iranians and their allies across the globe.

Azadi translated in Persian means "freedom" or "liberty", and this uniquely cultured festival promises to be an immersive experience filled with; live entertainment, dance & poetry performances, international cuisines, an Iranian Bazaar, and a special line-up of esteemed humanitarians bringing awareness to the most prevalent issues surrounding Iranians today. Children aged 12 and under are free, and the kids-corner playground will be loaded with moon bounces, face-painters, a dog park, and much more designed for the entire family to embrace, celebrate, and enjoy the rich culture and history of Iran.

While this is an Iranian cultured festival, the RAIN or SHINE event is inclusive, open to the public, and welcomes all nationalities to join the historic day of unity. The event will be simultaneously livestreamed, giving viewers across the world a front row seat showcasing and amplifying the voice of Iranian-Americans fighting for freedom and basic human rights.

For additional information regarding the event visit: [www.Azadi-Festival.com](http://www.Azadi-Festival.com)

Iman Huschmand is available for press interviews and media relations surrounding the Azadi Festival and the Woman Life Freedom Revolution.
